The Christian Science Committee on Publication may attempt to influence legislation pertaining to child abuse and neglect, elder abuse and neglect, parental rights, public school instruction (specifically, the areas of curriculum dealing with medical teaching), mandatory immunizations or vaccinations, insurance, and any other areas where freedom of religious practice may be involved. **Union Pacific Railroad Company**

WWW.UPRR.COM

Railroad transportation.

UP is a freight railroad. We will be attempting to influence legislation and state rules that relate to any regulation of our operating practices or the goods we transport. Since our physical plant (tracks and auxiliary facilities) extend across the state, we have the same concerns that other industry has about property law, environmental impacts and the like, as well as how our property and operation is taxed. We are also concerned about laws that affect our employees and liability law with regard to our operations in the state.
